

Point-of-Care Tool Evaluation Checklist

Chapter 61: Recommended Nursing Reference Apps and Point-of-Care Tools

-
- ☐ Source is a recognized clinical publisher or institution, not an unverified app store listing
 - ☐ Content shows a clear, recent last-updated date
 - ☐ Your clinical site or program has not specifically restricted or prohibited the tool
 - ☐ The tool supplements clinical judgment — students can explain the reasoning, not just read the app's output
